

"Don't Overlook Tropico, Look It Over"

# THE TROPICO SENTINEL

Devoted to Tropico the San Fernando Valley and Southern California

VOL. V

TROPICO CALIFORNIA, WEDNESDAY, FEBRUARY 24, 1915

No. 7

## BOARD OF TRUSTEES MEET IN REGULAR WEEKLY SESSION

All members present. After the reading of minutes of previous meeting the regular order of business was taken up. A communication signed by William H. La Fountain, Joseph V. Griffin, H. M. Turner and R. M. Saunders, in which they honored and respected the memory of James Rich and showed their respect by presenting to the Council a large photo to be hung in the Council chamber, same was received with thanks.

Tropico, Cal.,  
Feb. 23, 1915.

The Honorable Board of Trustees,  
City of Tropico,  
Tropico, Cal.  
Gentlemen:

Inasmuch as it has pleased the Almighty God to remove from our midst our honored and respected fellow citizen, James Rich, and believing that it is fitting and proper that we express our regard and respect for the many sterling qualities of the former president of the Board of Trustees, we herewith tender to the city the accompanying portrait with the request that it be placed upon the walls of the Council chamber where in life his best efforts were given to the conservation of the public weal and the promotion of justice, peace and harmony.

Yours respectfully,

Wm. La Fountain,  
Jos. V. Griffin,  
H. M. Turner,  
R. M. Sanders.

D. W. Irwin asked for a permit to sell milk at 113 North Central avenue. Same was granted.

H. L. Brown asked for permission to plant trees of the bottle variety in the parking in front of his property. Same was granted.

Mr. Wilkinson asked the Board to consider a proposition regarding a census of the city of Tropico. Same was referred to the president with power to act.

Two communications signed by D. O. Martin were received and placed upon file.

An ordinance regulating the keeping of domestic animals was offered for third reading and passed.

A resolution was offered naming the Light corral on Laurel street to be a nuisance and upon motion adopted.

A demand from the Glendale-Tropico Poultry and Pet Stock Association was allowed.

A permit was granted the Superior Electric Company to erect an electric sign in front of the Tropico Pharmacy.

J. J. Burke was instructed to hang a door in the fire engine room.

## "ROUND TABLE GIRLS" ELECT NEW OFFICERS

The "Round Table Girls" held their regular meeting at the home of Miss Katherine Hobbs last Tuesday evening. Miss Olive Moffit entertained the club with several selections of rich airs. This being the annual election of officers the following were chosen: Miss Katherine Hobbs, president; Miss Olive Moffit, vice president and chairman of social committee; Miss Blanche Shea, secretary and treasurer; Miss Jean McNutt, press correspondent. Miss Esther Jones, the retiring president, was presented a beautiful bouquet of violets in appreciation of her loyal services during the past year. The club was served with a delicious lap luncheon while they discussed many new plans for the future good of the club.

John Seaman, who has been connected with the Newberry Electric Co. for some time, is now connected with the Southern California Electric Co. Mr. Seaman is a pioneer in street lighting systems, and so is the Southern California Electric Co., so this acquisition is of mutual benefit to both.

## CHAMBER OF COMMERCE FULLY OFFICERED AND READY FOR WORK

Last Thursday evening Tropico's new Chamber of Commerce met and concluded the business of organization and are now ready to take up the business of boosting Tropico.

Permanent officers were elected and at the next regular meeting (the second Thursday of every month) the president will announce his various committees and the work will be assigned to start a campaign of advertising in various ways that will bring Tropico to the front. Diverse means will be used in order to interest industries and homeseekers to see Tropico before final decision. Improvements necessary and possible will be looked into and if practicable will be urged. Arbitration of social and public welfare questions will be made a part of the Chamber and public utility and service demands carefully examined before approval.

The officers elected are: Dr. R. T. Smith, president; Dr. William C. Mabry, first vice president; S. P. Veslich, second vice president; W. C. Anderson, third vice president; J. Herbert Smith, fourth vice president; F. D. Silvius, fifth vice president; A. J. Van Wie, secretary; F. E. Peters, treasurer; Wesley H. Bullis, executive committee man.

As adopted in the by-laws the Tropico Chamber of Commerce is to obtain the organized effort of our business men and citizens for the better promotion of the business interests, growth, beauty and general prosperity of the city of Tropico, and over sixty have placed their names on the charter list and promised to live up to the standards of the association to the best of their ability. This means that at the next meeting every one should bring in a new member and they in turn do the same.

The secretary has already received from various cities notice that they have recognized Tropico's Chamber of Commerce and there is no reason why Tropico should not come to the front through the united efforts of its business men and citizens.

With the inception of the Tropico Chamber of Commerce the industrial, civic and social problems of our city should take on a new lease of life.

## MAGNOLIA SCHOOL PARENTS AND TEACHER AT STAR THEATRE

Through the kindness of Charles H. Eudemiller the Star Theater was turned over to the Magnolia avenue school and the mothers and teacher made successful efforts to secure extra talent and audience. Special reels of interest to the children had been provided, together with Mrs. Eustace B. Moore, who delighted the audience with her ever popular reading. Mrs. Moore depicts the child dialect and is always in demand where children are to be her audience. Grown-ups, too, Mrs. A. J. Van Wie, soloist, also helped to make the evening a success.

Two crowded houses greeted this effort on the part of the ladies and a net profit of over \$14 was realized. The money so earned will be used in installing new paraphernalia and improving the playgrounds of the school.

As no funds are available from the school funds for this work it is up to the teachers and parents to provide the necessary games, and this section of the school district is no exception. Under the direction of Miss Saxon, aided by the mothers, the Magnolia school keeps the others busy in an effort to keep up in improvements.

C. M. Retts will start the erection of a Swiss chalet shortly on La Bree court for E. Robinsons of Los Angeles, who will, when finished, bring his family here to reside.

## A FEW FEEBLE REMARKS TO UNCONSCIOUS ENEMIES OF TROPICO

Tropico has many friends among its citizens and some enemies. We might expect some of the other places to work against the development of Tropico from selfish interests, but what shall we say of a man who seeks to injure his own town? But is he much worse than one who carelessly, foolishly and unconsciously is lending his influence and energies to retard the progress and development of the "City Beautiful"? A trigger pulled when he did not know the gun was loaded, or poison taken for food, kills as surely as if the intent prompted the deed.

A city cannot be built on selfish principles. Public spirit is essential to the highest development. Society makes its members independent. Business interests recognize the same truth. The mossback who opposes the development of the town by the building of better streets and other public improvements and who expects his neighbors to build all about his lots or tract of land and bring up the price of his property, all unsightly and covered with weeds, ought to move to "Poise county and Hoappale township," and raise fruit and lumber. The specimen of the Dark Ages, who has been exhumed and been wafted to this land of sunshine and flowers, who has not enough personal pride to improve his property, should be relegated to the pig pen where he will be more at home, albeit our sympathy must go out to the swine.

The bifed specimen of the genus homo, who expects the town to grow when he is doing nothing to build it up and much to retard its progress, should be examined as to his sanity. The so-called citizen of Tropico who goes elsewhere to do all his business and fails to patronize and encourage home industries and yet expects to have the respect of his fellow citizens and reap great increase from the development of his property, ought to be bored for the hollow horn.

"Lives there a man with soul so dead,

Who never to himself has said,

This is my own adopted town."

Then bury him. His corpse is unsightly on our streets. Bury him face downward so that if he should think he is alive and try to scratch out he will scratch in deeper. Let him go on through. China is the best place for him. He is not needed in Tropico.

Build up our city, its business, its institutions, its society, its morals, its town pride.

CITIZEN.

## HARRY A. WISHARD INVITES VOTERS TO DISCUSS BILLS

To the Voters of the Sixty-first Assembly District:

I have arranged my office hours so that I will have every afternoon from 2 until 4 to give to those who are interested in any particular bills a chance to discuss them.

As the purpose of the recess between sessions of the Legislature is to give the people a chance to read over the bills and become familiar with them before they are voted upon by the members of the Legislature, I am very anxious to hear from the citizens of my district and to have them express their ideas concerning prospective legislation. Before my election, I pledged myself to the people of my district and I expect to keep my pledge. You can help me a great deal by giving me your ideas on the different bills and I can assure you that where there is a worthy or moral cause my support will be found. If you are unable to call, a short letter, stating briefly your reasons for or against any particular bill, will be given careful consideration.

I expect later on to take a trip up the San Fernando and Antelope valleys and get in touch with the members of my district as far as possible, by meeting them and hearing any discussions on any particular bills that would be of interest to our district, but at present I will be at 525 Byrne building, Third and Broadway, at the hours mentioned above.

Yours for co-operation,  
HARRY A. WISHARD.

A. E. Coffey of Edendale has purchased the Davis Grocery Co. and took possession last Monday. Mr. Coffey is an experienced grocery man and comes to Tropico with the intention of making his home and entering into the spirit of growth that so characterizes our rising city. He has a message to the readers of the Sentinel to which your attention is called.

## ANDERSON PLAYERS TO PRESENT "HOOK OF HOLLAND"

February 25th the G. M. Anderson players will present at the Morisco a brilliant and spectacular musical success of two continents, "Hook of Holland." This musical comedy is billed as a Dutch Musical Incident. It was originally produced in London where it was received with a furore of enthusiasm, and following its great run there it enjoyed similar hospitality in a big run in New York. The remarkable feature of this play is that the lyrics, music and a portion of the book were all written by Paul A. Rubens. He was assisted in writing the book by Austen Hurston. Harry Williams of the Anderson Players has written a number of down-to-date popular songs and numbers which will appear in the production.

There will be productions under the direction of George Marion, who will play the leading role of Mr. Hook, a widower, a liquor distiller of Holland. Louis Gottschalk has the direction of the music in hand.

May de Sousa will be cleverly classed as Sally Hook, daughter of Hook. Anna Wheaton will be Nina, the maid. There will be a great opportunity for Fred McPherson as Captain Paap. May Boley should prove a scream as the leading forelady of the distillery. Percival Knight, Roland Bottomley, Gypsy Dale, Casson Ferguson, Fred Harnden and the other principals in the great beauty chorus of the Anderson Players should serve to make up a banner offer.

The production is in two acts. There will be brilliant new costuming and scenic investiture.

Parents of the Magnolia Avenue School District will meet at the school next Monday afternoon to organize a Parent-Teachers' Association. State Organizer Mrs. Noble will institute the organization and every mother is invited to attend and become a member.

## POULTRY AND PET STOCK ASSN. HOLDS INTER- ESTING MEETING

Events of importance cast their shadows beforehand. Last Thursday evening at Filger's hall, Glendale, the Glendale-Tropico Poultry and Pet Stock Association held their initial meeting, and from the enthusiasm displayed by those present the shadow of important events that are to come that was cast all lovers of poultry and pet stock can look forward to some good things.

The meeting was presided over by G. Irwin Royce, president of the association who introduced Major Devonshire, and Mr. Huskins of the German Seed Company of Los Angeles, who gave very interesting talks.

Major Devonshire formerly was an officer in the English army and took as his theme, "The Equality of Feeding Domestic Birds." He demonstrated the essentiality of proper feeding of mineral salts to insure health among the domestic bird, comparing the wild bird and its health to that of a man fed bird. Mr. Huskins spoke upon "Incubators and Incubations," outlining the advantages and disadvantages, the good and the bad and the proper and improper handling of eggs during the period of incubation.

A committee was appointed to act as membership and to bring in many new members for the next meeting, which will be held in Tropico at the City Hall on the evening of Thursday, March 18, at which time there will be on exhibition birds for demonstration purposes.

The charter membership was left open until April 1st and the fee held at fifty cents until that time when the charter closes and the fee raises.

The association is formed not for breeders and fanciers alone, but for all persons who keep poultry, pigeons, rabbits, cats, dogs and other pets and who want to know more about how others do things. Everybody is eligible to membership and many things can be learned by becoming a member that are not found in books.

## ELKS OBSERVANCE OF BIG BROTHERS DAY TO BE COMMENDED

The showers of last Saturday were not of enough consequence to the 1,500 or more children of Tropico and vicinity to fail to take advantage of the Elks' generous Big Brother day offering. The Palace Grand Theater was theirs for the afternoon and the committee, consisting of Frank B. McKinney, W. M. Kimball and R. M. Jackson, spared no pains to see that every one was made happy.

The management of the theater provided some patriotic reels along with comedies. C. L. Evans elucidated upon the thoughts of patriotism which were well appreciated, and William Herman West brought down the house with his character songs. After the theater the young people were taken for an inspection of the clubrooms and there treated to more songs and an ice cream cone.

Trucks were provided for the Tropico boys and girls and the afternoon was one of jollification for them all. They are all loud in their praise for the Elks and highly recommend that the lodge have a Big Brothers' day every day.

## DIPHTHERIA

The Health Officer calls the attention of all parents to the fact that diphtheria is prevalent in the surrounding districts and cautions them against sending children to school who complain of sore throats. A physician should be notified at once that care may be taken to prevent spreading.

## NEW BUSINESS BLOCK HOME OF SCHOVER, LETTON, FREY, CO.

In the granting of a permit to H. E. Betts for the erection of a three-story building at the corner of Brand and Acacia the spell of depression is broken in Tropico and confidence has been restored. Last week Mr. Betts signed the final contracts with Schover, Letton, Frey Co., for the lease of a building at this corner for an undertaking parlors and the addition of two more storerooms only goes to show the confidence in a future Tropico.

The building is to be one story and of tapestry brick, 100x100 feet, with an enclosed yard in year to conform with the building.

The corner room, 41x82 feet, will be occupied by Schover, Letton, Frey Co. and will be finished in accordance to their wishes, which will insure comfort as well as convenience for all undertaking purposes.

Entering into a hall the offices and waiting room will be on the south side, back of which will be the lavatories, layout room, main display room and morgue. On the north side will be a chapel 20x50 feet, directly back and divided off the family room and choir room with door leading out on Acacia, thus allowing privacy upon the part of the family. Back of this is the casket room and trimming room.

This firm will very shortly place an up-to-date auto ambulance at the immediate disposal of this section of the valley, fully equipped for calls at all hours. Large enough for doctor, nurse and attendant, cot and stretcher, first aid, hot and cold water and all necessary appliances for instant use.

The equipment will then include ambulance, touring car, hearse and casket wagon.

The remaining two rooms will be finished according to direction of tenants, to be decided later.

## DR. CHARLES THOMPSON LECTURES TO YOEMEN

Many unique entertainments have been presented in Tropico under the auspices of the local Yeoman Homestead. None, however, has surpassed in excellence the lecture delivered by Dr. Charles Thompson on the evening of the 19th. Dr. Thompson has but recently returned from Alaska where he is in charge of a tribe of Eskimos inhabiting a neighborhood bordering on the Bering sea. This is his first visit to the "outside" in five years.

In his lecture, which he seemed to consider more a friendly, informal visit with his auditors, Dr. Thompson dwelt at length upon the customs and life of his gentle, childlike, semi-oriental charges who wrest a doubtful existence from the icebound reaches above the Arctic circle, where the main pursuit is the hunting of the walrus and the polar bear. No vegetable life is able to endure there, but a dry mosslike tundra upon which the reindeer lives. This animal has but lately been imported from the east coast and appears likely to prove the salvation of this unfriendly land.

Dr. Thompson also exhibited a wonderful collection of the garments and implements of the Eskimo, among which were several magnificent parkas of reindeer skins.

Dr. Thompson, who is an uncle of Mrs. Robert Banner, states that he has no intention of making a lecture tour, but has appeared several times upon urgent request. His lecture was not generally advertised, but many people heard of it and availed themselves of the opportunity of hearing him. The intimate recital of the lives of our far north people more than repaid them for coming.

The evening of the 26th will be another red letter day in Yeomanry. At this time the Yeomen invite their friends to an open meeting in celebration of the eighteenth anniversary of the order.

## CITIZENSHIP EFFICIENCY

By William C. Anderson

In a large eastern city there is on a school board a man who conducts a saloonery in connection with his educational work. One day he was asked this question: "Mr. Crabowski, do you think we ought to have sloyd in the schools?"

Mr. Crabowski leaned over his wet bar and answered, "Well, if sloyd is a good man for the place, I wouldn't object."

The above it not intended for humor because it really happened and is, therefore, serious, alarming, and shows the kind of a man that is often elected to office. It isn't an exceptional case. There are many others—too many others.

Mr. Crabowski isn't to blame for his position in the world of letters and highballs. It is a blame that rests squarely on the shoulders of the citizens. In this case citizenship is inefficient.

Robert Louis Stevenson wrote other things than fiction. He said:

"Politics is perhaps the only profession for which no preparation is thought necessary."

Sheldon said:

"All might go well with us if every politician would lay down his own interests and aim at the general good."

"The cottage is sure to suffer for every error of the court, or the cabinet," is from the mind of Colton.

Taking Harry Lauder's idea of breaking the monologue with a ditty it will readily be observed that we can have confidence in great men. The Hanger comes from our own citizenship ability, for the great minds have warned us of the possible suffering that we might have to endure because public servants are not well chosen. Citizens are responsible for the positions that selfish, dishonest and ignorant men sometimes hold.

Robert A. Ward, in the Journal of American Sociology, gives us a new thought. He says:

"The time has come for a great renewal of confidence in the vitality of the neighborhood as a political and moral unit."

In other words:

If the neighborhood represents a high standard of morality, and is efficient so far as citizenship is concerned, its influence will readily be felt. It would make for efficiency in the administration of village affairs, spread to towns, to cities, to states and eventually to the government of the whole.

While citizenship is inefficient and while we are willing to accept men who offer no testimony concerning their worth, except their own good word about their ability and integrity, we will have political spoilers from every hot-bed of ignorance and dishonesty.

While we elect men to office who are not qualified to fill the positions, or too unscrupulous to deal honestly, we pay a fancy price for freedom. The fancy price is necessitated because of graft. Therefore it remains with the people to insist on knowing whether office-seekers are competent, honest, and, above all, morally fit.

To insist on knowing who and what the public servant is and was is the first step in citizenship efficiency.

If saloonkeepers—men like Mr. Crabowski—are put in public office the people must expect saloonkeeper ability. Saloons are not educational institutions that turn out men versed in the science of government.

The people remain inefficient so long as they accept the services of incompetents. And, strange as it may seem, we elect men to office that are rejected by society. If men are unfit for society they are unfit to serve society. If they are unfit for companionship they are unfit for statesmanship. Men who cannot make a success of commercial enterprises cannot make a success of municipal business. Many think they can and many realize that they cannot. It is usually realized when the people find themselves bankrupt and over-taxed.

Illustrating the character of unnecessary expenses to which we refer

## Union Opposes "Full Crew" Bill.

The Texas Farmers' Union registered its opposition to this character of legislation at the last annual meeting held in Fort Worth, Tex., August 4, 1914, by resolution, which we quote, as follows:

"The matter of prime importance to the farmers of this state is an adequate and efficient marketing system; and we recognize that such a system is impossible without adequate railroad facilities, embracing the greatest amount of service at the least possible cost. We further recognize that the farmers and producers in the end pay approximately 95 per cent of the expenses of operating the railroads, and it is therefore to the interest of the producers that the expenses of the common carriers be as small as is possible, consistent with good service and safety. We, therefore, call upon our law-makers, courts and juries to bear the foregoing facts in mind when dealing with the common carriers of this state, and we do especially reaffirm the declarations of the last annual convention of our State Union, opposing the passage of the so-called 'full-crew' bill before the thirty-third legislature of Texas."

The farmers of Missouri in the last election, by an overwhelming majority, swept this law off the statute book of that state, and it should come off of all statute books where it appears and no legislature of this nation should pass such a law or similar legislation which requires unnecessary expenditures.

The same rule applies to all regulatory measures which increase the expenses of industry without giving corresponding benefits to the public. There is oftentimes a body of men assembled at legislatures—and they have a right to be there—who, in their zeal for rendering their fellow-associates a service, sometimes favor an increase in the expenses of industry without due regard for the men who bow their backs to the summer's sun to meet the payroll, but these committees, while making a record for themselves, rub the skin off the shoulders of the farmer by urging the legislature to lay another burden upon his heavy load and under the lash of "be it enacted" goad him on to pull and surge at the traces of civilization, no matter how he may sweat, foam and gall at the task. When legislatures "cut a melon" for labor they hand the farmer a lemon.

The farmers of the United States are not financially able to carry "dead heads" on their payrolls. Our own hired hands are not paid unless we have something for them to do and we are not willing to carry the hired help of dependent industries unless there is work for them. We must therefore insist upon the most rigid economy.

## Legislative House-Cleaning Needed.

While the war is on and there is a lull in business, we want all legislative bodies to take an inventory of the statute books and wipe off all extravagant and useless laws. A good house-cleaning is needed and economies can be instituted here and there that will patch the clothes of indigent children, rest tired mothers and lift mortgages from despondent homes. Unnecessary workmen taken off and useless expenses chopped down all along the line will add to the prosperity of the farmer and encourage him in his mighty effort to feed and clothe the world.

If any of these industries have surplus employees we can use them on the farm. We have no regular schedule of wages, but we pay good farm hands on an average of \$1.50 per day of thirteen hours when they board themselves; work usually runs about nine months of the year and the three months dead time, they can do the chores for their board. If they prefer to farm on their own account, there are more than 14,000,000,000 acres of idle land on the earth's surface awaiting the magic touch of the plow. The compensation is easily obtainable from Federal Agricultural Department statistics. The total average annual sales of a farm in the continental United States amounts to \$516.00; the cost of operation is \$340.00; leaving the farmer \$176 per annum to live on and educate his family.

There is no occasion for the legislatures making a position for surplus employees of industry. Let them come "back to the soil" and share with us the prosperity of the farm.

When honesty is merely a good policy it is a poor virtue.

Lazy farmers are just as useless as dead ones and take up more room.

When the soul communes with the spirit of nature the back to the farm movement prevails.

There are two kinds of farmers. One tries to take all the advice he hears and the other won't take any at all.

## How to Make the Marble Table Top Useful.

Lucky is the housewife who has sent her marble top table to the attic in place of the secondhand store, for she can find good use for it. No better molding boarding was ever invented than this marble slab. Place it near the baking materials, where no needless steps may be taken, and the baking will be a source of comfort. It will also be a saving and a convenience for setting hot things when taken from the stove. In keeping the marble clean there is no scrubbing with a brush, for a washing of hot water and soap will thoroughly cleanse it.

## How to Make a Useful Knife and Scissors Sharpener.

There is nothing more useful in the kitchen than a board covered with emery paper. It is splendid for sharpening knives and scissors and useful in removing rust from steel knives and forks. Get a board six inches long, two inches wide and one thick. Cover with emery cloth. This puts a smooth edge on carving knives the same as a stone.

## Brass Dies.

With proper care brass dies for printing upon wood have been known to make more than 2,000,000 impressions before wearing out.

The darker the day the clearer the call for you to shine.

Some of the world's first gentlemen and scholars and patriots were farmers and today some of the world's best thought is given to farming.

Dr. A. M. Duncan is now entirely recovered from his recent illness and able to resume his practice.

The P. E. O. S. will hold their regular meeting next Friday afternoon at the home of Mrs. Wesley Bullis.

The literature section of the Thursday Afternoon Club will meet Thursday at the home of Mrs. Wayland Brown.

Miss Jeanette Myers of Wilmar, Cal., was a guest at the home of the Misses Van Hezelen, 402 West Park, last week.

C. H. Findley and family have closed their Gardena avenue home for several weeks and are residing at Hermosa Beach.

Miss Coral Duncan, a teacher in the schools at Tulare, was an over Sunday visitor at the home of her father, Dr. A. M. Duncan.

John Gamble of Seattle has purchased the Old Mission Restaurant of Mrs. Guething and took possession this week.

Members of the Civic Section of the Thursday Afternoon Club will gather at the home of Mrs. Dwight Griswold next Wednesday afternoon.

The Bridge Luncheon Club meeting, which was to have been held at the home of Mrs. Leigh Bancroft last Tuesday, was postponed until next Tuesday.

City Treasurer S. E. Brown has been appointed deputy county assessor for Tropico, and will assume the duties March 1st.

W. F. Cannon, a county motorcycle officer, has leased the house at 517 Gardena avenue and will move his family from Los Angeles next week and become a Tropicoite.

Friday evening, February 26th, is Tropico night at the Brown and Curry meetings and the Thursday Afternoon Club have been invited to attend in a body. As no meeting will be held this week, the attention of every member is called to this special invitation.

S. (Mike) Berman will tender a house warming on next Monday evening to K. P. friends at his home, 110 East Palmer avenue. Mr. and Mrs. Berman are well known in Tropico and Glendale and know how to entertain.

E. H. Weston has had the honor to be invited by the Shakespeare Club of Pasadena to give an exhibit of his pictures in March in that city. The exhibit will be open to the public from 2 to 4 at 220 South Los Robles avenue, Pasadena.

Every club and society of the city of Tropico has been invited to attend the Brown & Curry meeting at the Tabernacle in Glendale on the evening of Friday, February 26, at 7:30. This is "Tropico night," and special seats will be reserved for all different representations. All who attend will state to the usher the society or club to which they belong.

Mrs. Mary Chadwick entertained Dr. Charles A. Thompson and wife at her home last week. Dr. Thompson is a missionary and for the past five years has resided in Cape Prince of Wales, Alaska. He brought with him many curios and souvenirs from the northern land which were displayed and lectured upon to the delight of many who were afforded the opportunity.

Friday will be "all-day" for the N. P. Banks Post G. A. R., W. R. C. and Sons of Veterans. On this day they will keep open house all day. Luncheon at noon and for the afternoon a special musical and vocal program has been prepared. The meeting will be in honor of Washington, Lincoln and McKinley, beloved moulders of our country's early destinies and appropriate speeches will be delivered.

Monday afternoon eight young ladies, under the guidance of two (stalwart) young men, took a hike to Griffith Park where they (the boys) spent a delightful afternoon eating the lunch the girls prepared, the girls, enjoying the trip from the standpoint of a (safe) outing. The two boys proposed the trip, but say they couldn't find any other fellows---very likely story say we.

Last Thursday afternoon the ladies of the Thursday Afternoon Club were most agreeably entertained by the committee at the home of Mrs. J. U. Ashton, 222 El Bonito avenue. Mrs. Wayland Brown gave a very interesting talk upon the subject of the meeting, "Modern Drama." Miss Nina Moise of the Cunnock School of Dramatic Art rendered J. M. Barrie's "The Twelve Pound Look," which was highly appreciated. The committee in charge were: Mrs. J. W. Ashton, Mrs. C. H. Phillips, Mrs. F. W. Haviland and Mrs. A. J. Van Wie.

The Stoffel Auto Service of Glendale and Tropico, under the management of A. F. Stoffel, now have at the disposal of their patrons two Fords, a five-passenger Cleveland, a seven and a five-passenger Studebaker. This service has been established only three weeks and is already taxed to its capacity. The latest acquisition is lady chauffeurs for evening and party affairs. Shortly they will inaugurate a service to Griffith Park, making the round trip for 25 cents.

There will be no meeting of the Thursday Afternoon Club on Thursday, March 4th. On March 2, 3, 4 and 5 the fourteenth annual convention of the Los Angeles District Federation of Woman's Clubs will convene at Long Beach and a large number of ladies from the club will attend. The convention will be held at the Virginia hotel under the direction of the Ebell Club, who will entertain. Mrs. C. H. Barker and Mrs. C. H. Woolsey were chosen as delegates with Miss Cora Hickman and Mrs. J. Herbert Smith as alternates.

The final concert of the Lebegott Orchestra was given Sunday at Temple Auditorium, and one of the most interesting numbers was Cesar Franck's Variations Symphoniques, which was rendered by Miss Melicent Virden, a young, talented pianist of Tropico. It is said that the Variations Symphoniques is very difficult to play, but Miss Virden rendered in a way which showed true artistic ability, and received much applause.

Under the auspices of the N. P. Banks Camp, Sons of Veterans, John Stathern and W. J. Hibbert will entertain the G. A. R. Post and W. R. C. at the G. A. R. hall next Saturday evening with a collection of illustrations on Valley Forge and Gettysburg. These pictures are the work of months' preparation and every care was taken as to their authenticity and will no doubt prove very interesting to those who are able to attend.

A merry crowd of young people gathered at the home of Miss Frances Peckham on North Central avenue, last Saturday evening and gave her a pleasant surprise as a fitting close of her natal day. The home was beautifully decorated in natural colors, and after games and music, a lunch was served. Mrs. Lord assisted Mr. and Mrs. Peckham to entertain. Those who attended were: Katherine Lord, Marguerite and Rebecca Gregg, Adeline Treman, Eloise Seaman, Helen McMullin, Helen and Heniene Hollingsworth, Monte Kuhl, Jamie Shea, Madison McNutt, Chandelor Livingston, Wayne Smith, Myrtle Echors, Triver Boone, Lawrence Davis, Harry Spinks and Melvin Moore.

E. J. Upham, the Singer Sewing machine man, with headquarters at 1020 West Broadway, Glendale, has secured the agency for the Dunmore sewing machine motor and has the same displayed in his window. This is considered the last thing in small motors inasmuch that it can instantly be attached to any standard make sewing machine without screws and cumbersome clamps. It uses no more current for power than an ordinary lamp and operates on direct or alternating current. Is easily regulated, a slight pressure of the foot on the treadle regulating the speed as fast or slow as desired. It also saves on electricity as when the machine stops the motor automatically stops.

Far be it from us to criticize the efforts of any newspaper outside of Tropico to solicit news items for their columns in this city, but we do object and believe that every one who does give these papers items, object to that item being made a part of the regular news of that particular city.

If we are going to boost for Glendale let us become Glendaleites. If we are going to boost for Los Angeles let us become Angelenos. But if we are going to be Tropicoites let us boost Tropico and demand at every turn to be recognized as such.

We would suggest that when any one turns in news items that they demand that same be under a Tropico heading and if that paper fails to comply with such demand refuse to give any more news. The newspapers take all you can give them and then laugh at "that blot on the map" as some call us.

**TROPICO ON THE MAP AND MOVING TO THE FRONT**

Los Angeles is situated south of Tropico, Pasadena to the east, Glendale and Casa Verdugo to the north and Griffith Park and Hollywood to the west. Starting at Tropico, you can easily find all these places. Among the other important organizations in which Tropico is interested may be named the Chamber of Commerce, the Tropico Men's Brotherhood, the Thursday Afternoon Club, the Parents' and Teachers' Association, the Presbyterian Church and First M. E. church.

12765 - TROPICO SENTINEL THREE Wide-awake towns and wide-awake

societies, orders and organizations seize upon every opportunity to advertise a good thing and get good by rallying whenever an occasion presents itself. Such an occasion is the Brown and Curry Tabernacle campaign, Third and Maryland, Friday night, February 26th. Similar organizations, societies and orders in other cities have availed themselves of such opportunities. Brown and Curry have recently been at Long Beach and go soon to Pasadena. Brown is an entertaining, forceful speaker, unique and a great favorite. Curry is a singer of rare ability---both as a soloist and a leader of the Great Chorus of hundreds of voices. Both Brown and Curry have extended a cordial invitation to come in a body, seats to be reserved for them, Friday night, February 26th. They have also agreed to speak and sing at the First M. E. church, Tropico, Monday night, March 1st. Remember, "Tropico Night" at the Tabernacle, Friday, February 26th and rally at Methodist church, Tropico, Monday night, March 1st. Boost for Friday night.

R. T. SMITH.

**A COMMUNICATION FROM A PREACHER TO THE EDITOR**

Tropico, Cal., Feb. 26, 1915.  
Editor A. J. Van Wie,  
Tropico Sentinel.

Dear Sir:

"I take my pen in hand" to inform you that I appreciate the very cordial way in which you have given publicity to matters connected with the First Methodist Episcopal church as well as to many other worthy organizations. I think no live town can exist long without a live newspaper and the editor must exercise a very vivid imagination if he would satisfy his hunger unless he receives some cash, provided the merchants are not "long suffering and kind." Therefore, public-spirited citizens of Tropico should subscribe for your paper and especially members of the church, who are receiving a double benefit. I hope many of them do now support the Sentinel and more will do so.

By the way, Mr. Editor, will you please say to those who subscribe and also to those who borrow your paper from a neighbor that the members of the First M. E. church is cordially supporting the Brown and Curry meetings that they expect to be out in force at the Tabernacle Friday night, "Tropico Night," February 26th and that they welcome everybody to the rally by Brown and Curry at the First M. E. church Monday night March 1st. Conflicting meetings are discontinued. Combination service at the church Sunday, 9:30 a. m. to 10:40 a. m. Junior League, 2:30 p. m. Sunday School, preaching and special music by Chorus Choir at Combination service.

Very sincerely yours,  
R. T. SMITH.

New 1915 Model

**\$695**

17 New Features.

A man right here in our town bought a low priced car last year. Some of the extras that he bought for it were:

High tension magneto. Shock Absorbers. New carburetor. Anti-rattling device. License brackets. Anti-skid rear tires. Foot accelerator. Speedometer. Spare tire bracket.

These cost him more than \$196.50.

Now he owns a 1915 Maxwell with all these modern features and a dozen others.

This "Wonder Car" with Electric Self-Start and Electric Lights only \$55 extra.

### NOTICE OF STREET WORK.

Notice is hereby given that the Board of Trustees of the City of Tropic, on the 9th day of February, 1915, did at its meeting on said day adopt a Resolution of Intention, No. 197, to order the following work to be done, to-wit:

First, That the Roadway of PALMER AVENUE from the easterly line of Central Avenue to the westerly line of Brand Boulevard, be graded and macadamized in accordance with plans, profile and special specifications for the improvement of a portion of Palmer Avenue in said City of Tropic, which special specifications were adopted by Resolution No. 196 of the Board of Trustees of said City.

That a cement curb be constructed along each line of the roadway of Palmer Avenue from the easterly line of Central Avenue to the westerly line of Brand Boulevard. All curbs shall be constructed in accordance with plan No. 59, cross-section No. 58, Profile No. 58, and in further accordance with special specifications for the improvement of a portion of Palmer Avenue, in the City of Tropic, which said special specifications were duly adopted for said work by Resolution No. 196 of the Board of Trustees of said City.

That a cement sidewalk five feet in width be constructed along both side lines of Palmer Avenue from the easterly line of Central Avenue to the westerly line of Brand Boulevard, in accordance with plan No. 59, cross-section No. 58, Profile No. 58, and in further accordance with special specifications for the improvement of Palmer Avenue in the City of Tropic, which said special specifications were duly adopted for said work by Resolution No. 196 of the Board of Trustees of said City.

All plans and profiles referred to in this resolution are on file in the office of the City Engineer of said city; all special specifications referred to in this resolution are on file in the office of the City Clerk of said city; said plans, profiles and special specifications are hereby referred to for a more particular description of said work and made a part hereof.

All of the herein proposed work shall be done in pursuance of an Act of the Legislature of the State of California, entitled "An act to provide for work upon streets, lanes, alleys, courts, places and sidewalks, and for the construction of sewers within municipalities," approved March 18, 1885, and the several acts amendatory thereof or supplementary thereto.

Reference is hereby made to said Resolution No. 197 for further particulars of said work.

This Notice shall be published one time in the Tropic Interurban Sentinel.

I. C. WASSON,  
Superintendent of Streets of the City of Tropic.

Dated Dec. 24, 1915.

### ORDINANCE NO. 99.

An Ordinance Amending Ordinance No. 64 of the City of Tropic Entitled "An Ordinance Regulating the Keeping of Domestic Animals, Poultry, Rabbits or Hares in the City of Tropic, and Fixing a Penalty for the Violation Thereof," Adopted October 2nd, 1913, by Adding a New Section to Be Known as Section No. 4 1/2.

The Board of Trustees of the City of Tropic do ordain as follows:

Section 1. That Ordinance No. 64 entitled "An Ordinance Regulating the Keeping of Domestic Animals, Poultry, Rabbits or Hares in the City of Tropic, and fixing a penalty for the violation thereof," adopted October 2nd, 1913, be and the same is hereby amended by adding a new section to be known as Section 4 1/2 to read as follows:

Section 4 1/2. It shall be unlawful for any person, firm or corporation within the City of Tropic to stake out, graze, keep or maintain any horses, mules, burros, goats, sheep, cows, calves, or any other domestic animal upon any lot or lots or ground not owned, leased or rented by said person, firm or corporation, without permission in writing first obtained from the owner of said lot or lots or ground, and not then except in strict compliance with the provisions of the other Sections of said Ordinance No. 64, of which Ordinance this Section is amendatory.

Section 2. This Ordinance is urgently required for the immediate preservation of the public peace, health and safety and the following is a specific statement showing the urgency of this Ordinance:

That said City of Tropic has no Ordinance regulating the staking out or grazing of domestic animals, and such an Ordinance is now immediately required.

Section 3. The City Clerk shall certify to the passage of this Ordinance by a vote of four-fifths (4-5) of all the members of the Board of Trustees of said City and its approval by the President of said Board, and shall cause said Ordinance to be published once in the Tropic Interurban Sentinel, a weekly newspaper of general circulation, published and circulated in said City of Tropic, and thereupon and thereafter it shall be in full force and effect.

Adopted this 23d day of February, 1915.

(SEAL)

DANIEL WEBSTER,

President of the Board of Trustees of the City of Tropic.

Attest:

NELSON C. BURCH,  
City Clerk of the City of Tropic.

STATE OF CALIFORNIA)

)ss.

CITY OF TROPICO )

I, Nelson C. Burch, City Clerk of the City of Tropic, do hereby certify that the whole number of members of the Board of Trustees of the City of Tropic is five, and that the foregoing Ordinance was passed and adopted by a vote of four-fifths (4-5) of all its members and approved by the President of said Board at a regular meeting thereof held on the 23d day of February, 1915, and that the same was passed by the following vote:

Ayes: Alspagh, Boyce, Conrad, Henry, Webster.

Noes: None.

Absent: None.

IN WITNESS WHEREOF I have hereunto set my hand and affixed the seal of the City of Tropic this 23d day of February, 1915.

(SEAL) NELSON C. BURCH,  
City Clerk of the City of Tropic.

### NOTICE TO CREDITORS

Notice is hereby given by the undersigned EXECUTORS of the Estate of JAMES RICH, deceased, to the Creditors of, and all persons having claims against the said deceased, to exhibit the same with the necessary vouchers, within TEN (10) months after the first publication of this notice to the said EXECUTORS at the offices of HENRY P. GOODWIN, Attorney for the Estate, 710 F. P. Pay Building, in the City of Los Angeles, California, in the County of Los Angeles.

Dated this 16th day of February A. D. 1915.  
(Clerk 20)

L. C. HAYNES,  
W. C. SEAL,  
Executors of the Estate of James Rich, deceased.  
Henry P. Goodwin, Attorney for the Estate.

## Remember, Your Grab Bag Days Are Over.

By MOSS.

LOOK before you leap. You've often heard a person say VEXATIONOUSLY, "Well, I don't know how the Browns manage to get things better and cheaper than I do all the time."

VEXATION never gets any one anywhere.

What the Browns do is to LOOK BEFORE THEY LEAP. They take no chances with UNKNOWN QUALITY AND QUANTITY and HIGH PRICES.

There is POSITIVELY NO NEED TO PLAY GRAB BAG with the serious business of buying.

ADVERTISING ELIMINATES RISK. Merchants know that giving the public a SQUARE DEAL through ADVERTISING is their BEST ASSET. No business man could ENDURE in this community who tried CONTINUOUSLY TO FOOL the people through printer's ink.

Take NO CHANCES with the UNTRIED. Our advertising columns form a SPLENDID DIRECTORY of HONESTY.

### LINGERIE KINKS.

How to Make Practical and Beautiful Undergarments.

Although lingerie is as conspicuously negligible as possible, it receives more consideration than ever. It is important not only that each separate article shall incorporate the minimum of weight and bulk, but also that the lines of it shall be quite perfect. There must be no unnecessary fullness in petticoats to interfere with the hang of one's skirt.

There is less call for the extremely filmy lingerie than there was. Nainsook, crepe de chine and fine linen are favored, and hand embroidery or valencienne insertions are the popular trimmings. Flounces, if there are any, are made so scant that they add nothing appreciable to the width of a skirt or pantaloons.

One of the most practical of all the various innovations in lingerie is a combination skirt and corset cover that fastens all the way down, rendering it particularly convenient for laundering.

The edges are scalloped and buttonholed, and there is a pretty eyelet embroidered design in Madeira handwork. The skirt is everywhere smooth fitting, while the cover has very little fullness, neatly and evenly tucked under a scalloped belt that runs only about the sides and back of the waist.

How to Repair Your Wall Paper Satisfactorily.

In many houses there are often left odd lengths of wall paper, and these should be carefully preserved. Damage may be done when moving in, or later a chair may be pushed roughly against a wall, and there is a bad tear. Get a piece of the paper, scallop the edges quite roughly and paste it over the place. The mend will be unnoticeable. But if the house is not new and the paper faded the contrast is startling. In that case put a piece of the spare wall paper out of doors in the sun for two or three days. Dampen it occasionally. All that is needed is exposure.
